KUSARAM LALCHAND PAWARA

FULL-Stack Web Developer

Hello, I am a Full stack web developer with
hands-on experience in designing and development with web
technology's project as well as I have implemented challenging
role in frontend and backend project.

EXPERIENCE

- ## With AlmaBetter Capstone Project

- ### Flashcard Generator

  It is a **frontend project** There is 3 pages in this application,
  such as this application is user interacting application , user
  can create notes, daily routine, important notes etc., there
  is not limit for notes, user can create multiple notes and
  save for long term time. *Click here*

  Technology used

  - React.js
  - Redux
  - React-router-dom
  - Formik (library)

- ### BookMyShow

  This project is **backend project**, It is a simple movie show
  booking project user can book movies show as well as they
  can see their last booking data.
  Visit to site. *Click here*

  Technology used

  Frontend: React.js

  Backend: Node.js, Express.js, MongoDB
